

Liebe Kinder,

wir hoffen, euch und euren Familien geht es gut in diesen seltsamen Tagen.

Wir sind gesund, leider können wir uns auch nach den Osterferien noch einige Zeit nicht sehen.

Natürlich machen wir uns Gedanken darüber, wie ihr diese Tage verbringt. Wir haben darum wieder Material und einige Vorschläge gesammelt, woran ihr arbeiten könnt, damit euch nicht gar zu langweilig wird 😊:

### Deutsch

- Bitte denkt daran, dass ihr jeden Tag laut vorlest. 📖 (Lesebuch, Leseheft, Leseblätter, ...)
- schreibt die Buchstaben, Buchstabenverbindungen und Wörter in Schreibschrift ✍️
- übt vor allem Buchstaben, die euch noch schwer fallen
- bearbeitet 1-2 Arbeitsblätter am Tag (siehe Homepage)

### Mathematik

- übt vorwärts und rückwärts zu zählen ①②③④⑤⑥
- Mengen einkreisen, vergleichen
- Ziffern schreiben, Zahlen benennen, vergleichen ( $>$ ,  $=$ ), zusammenrechnen (+), zerlegen (Schüttelbox)
- bearbeitet 1-2 Arbeitsblätter am Tag (siehe Homepage)

## Allgemein

Für das motivierende Lernen zu Hause können wir die kostenlose und werbefreie Lern- App „Antonapp“ empfehlen.

Anmeldung unter: [anton.app.de](https://anton.app.de)

Dazu benötigen Sie und Ihr Kind ein Smartphone, ein Tablet oder den PC.

Üben Sie auch hier zunächst gemeinsam mit Ihrem Kind, später geht die eine oder andere Übung vielleicht auch schon allein.

Üben Sie hier maximal 15- 20 min.

Unser **Stand in Deutsch** entspricht in etwa den Anton-Übungen:

Deutsch 1. Klasse - Die Laute lernen (1) - Übungen L,O,A,M,I  
(Deutsch 1. Klasse- Die Laute lernen(2) - Übungen L,O,A,M,I,S  
)

sowie die Einzelübungen aus „die Laute lernen (1) zu den schon gelernten Buchstaben.

Unser **Stand in Mathe** entspricht in etwa den Anton- Übungen:

Mathematik 1. Klasse- Die Zahlen bis 10- Zählen 1-5

Mathematik 1. Klasse- Geometrie- Muster und Reihen

Viel Spaß beim Ausprobieren!

Auf der Homepage der Sendung mit der Maus gibt es täglich Neues zu entdecken, was euch die Langeweile vertreiben kann. Guckt euch mal um!

Seht regelmäßig auf unserer Homepage, ob es Neuigkeiten für euch und eure Eltern gibt.

Wenn ihr zuhause die Arbeitsblätter nicht ausdrucken könnt, dann meldet euch bitte, damit wir sie euch postalisch zusenden können.

Wir wünschen euch und euren Familien alles Gute, vor allem natürlich Gesundheit und uns allen viel Geduld!

Viele Grüße

Frau Jensch, Frau Kernchen und Frau Knorr

PS: Liebe Eltern,

wir wissen, dass diese Situation Ihnen Einiges abverlangt. Die Materialangebote sind vor allem eins: **Angebote!** Es ist nicht Ziel, dass Ihre Kinder alles „abarbeiten“, sondern sich einfach mit schulischen Inhalten befassen. Sie sind als Begleiter gefordert, nicht als Lehrer! Wenn Ihr Kind mit einer Aufgabe gar nicht klar kommt, notieren Sie es uns bitte! (gerne auch, wenn etwas zu leicht ist 😊) Dann haben wir einen Überblick, woran wir weiter arbeiten können, wenn die Schule wieder los geht.

Bei Fragen/Problemen/Materialwünschen usw. erreichen Sie uns unter den angegebenen Email-Adressen.

Kommen Sie weiter gut durch diese Zeit!

Teil 1 Deutsch

Bitte bearbeite pro Tag 1-2 Arbeitsblätter.

Viel Erfolg! 😊

## Ausdrucken der Leseblätter und Basteln der Leseschablone

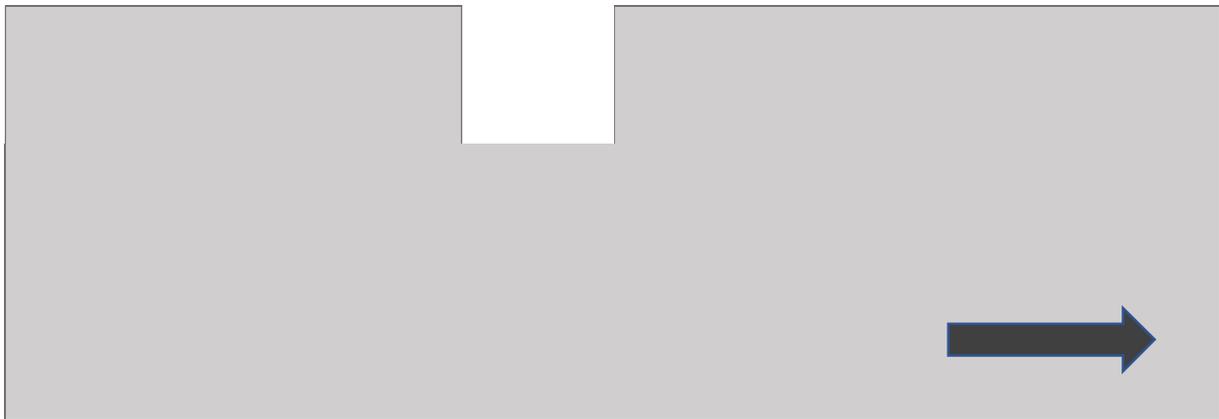

Bitte zerschneide die A4-Arbeitsblätter zuerst an der Strichlinie.  
Nun hast du 2 Blätter in der Größe A5.

Die A5- Blätter kannst du nach und nach zu einem kleinen Leseheft  
zusammenheften.  
Nutze einen Aktendulli / Heftstreifen dafür.

Bastle dir nun eine Schablone aus einfarbigem Karton (am besten schwarz).  
Hier ist die Vorlage:

## Lesen üben mit der Leseschablone

1. Lege die Schablone so auf das Blatt, dass nur das erste Fenster zu sehen ist.
2. Benenne den Buchstaben, das Symbol oder die Silbe.
3. Schiebe die Schablone in Leserichtung zum nächsten Fenster vor und benenne wieder.
4. Jede Seite wird so oft wiederholt, bis alle Fenster sicher gelernt sind und flüssig gelesen werden können.

## TEIL 2 "FÜR PROFIS"

Diese Leseblätter enthalten schon Buchstaben, die wir im Unterricht noch nicht eingeführt haben. Aber vielleicht haben ja Kinder Lust, sie trotzdem auszuprobieren.

Viel Erfolg! 😊
